PROFESSIONAL SUMMARY

Senior Software Engineer with 5+ years of experience architecting AI-powered healthcare solutions and enterprise applications using Agile/Scrum methodologies. Expert in modern JavaScript ecosystems (React, Next.js, TypeScript) with a proven track record in performance optimization, microservices architecture, and cloud infrastructure (AWS, Azure). Led 15+ production deployments for healthcare organizations, implementing HIPAA-compliant systems with 99.9% uptime.

EDUCATION

KLUST, Kuala Lumpur *Master of Information Technology (MIT)* | 2023 – 2026

Tribhuvan University NCCS, Kathmandu *Bachelor of Information Management (BIM)* | 2016 – 2021

PROFESSIONAL EXPERIENCE

GritFeat Solutions, Lalitpur, Nepal

Senior Software Engineer III | Jan 2026 – Present

- Lead frontend architecture for enterprise healthcare applications using React and Next.js, ensuring 99.9% uptime.
- Defined company-wide Agile/Scrum sprint processes and conducted 50+ technical interviews to grow and scale the engineering team.
- Serve as an internal tech guild speaker on AI-assisted engineering workflows.

Senior Software Engineer II | Jan 2025 – Dec 2025

- Engineered chunk-based AI chat streaming with Vite build optimizations, improving response times by 60% and reducing token costs by 40%.
- Architected HIPAA-compliant systems using AWS Cognito, OAuth/JWT, encryption protocols, and microservices.
- Established company-wide RESTful API and GraphQL design standards across all product teams.

Senior Software Engineer I | Jan 2024 – Dec 2024

- Managed cloud infrastructure across AWS (S3, EC2, Lambda, CloudFront) and Azure (Container Apps, ACR).
- Automated CI/CD pipelines using GitHub Actions and Harness, reducing deployment time by 30%.
- Implemented monitoring and alerting via Sentry and CloudWatch; led monthly on-call rotations.
- Mentored junior engineers and enforced Agile best practices across cross-functional teams.

Software Engineer (Associate through III) | Jan 2021 – Dec 2023

- Translated stakeholder requirements into high-fidelity Figma prototypes and PowerBI dashboards.
- Reduced initial load times by 50% and API call volume by 70% through advanced refactoring, code splitting, and React Query caching.
- Designed comprehensive design systems and reusable component libraries (Storybook), cutting development time by 25%.
- Optimized application bundle sizes by 40% using Webpack/Vite tree-shaking and lazy loading.
- Introduced Jest and Cypress test suites, raising code coverage to 80%+ on core modules.

ITGlance Pvt. Ltd., Lalitpur, Nepal

UX & Full-Stack Intern | Jan 2020 – May 2020

- Contributed to full-stack development using JavaScript and Java for manual record digitization.

SELECTED PROJECTS

- **Marketing Engine (Lead Architect):** Developed a no-code automation builder using ReactFlow for canvas-based UX and Metamodel API for dynamic rendering, delivering 10x faster application configuration.
- **Healthcare AI (Lead Architect):** Engineered enterprise-scale healthcare applications using React, Next.js, and AWS; optimized cloud-based dynamic rendering systems under strict regulatory workflows.
- **Care Assistant AI (Backend Architect):** HIPAA-compliant clinical AI assistant; optimized LLM context window by 65% via conversation history summarization, achieving a 40% reduction in token costs.
- **Team Collaboration (Full-Stack Engineer):** Created a real-time team collaboration hub leveraging Socket.io messaging and OKR tracking, improving cross-functional team productivity metrics by 35%.

TECHNICAL SKILLS

- **Frontend:** React, Next.js, TypeScript, Vue.js, TailwindCSS, React Query, ReactFlow, Redux, Vite.
- **Backend:** Node.js, Nest.js, PostgreSQL, MongoDB, Redis, GraphQL, REST API, Microservices
- **Cloud & DevOps:** AWS (S3, EC2, Lambda, Cognito, CloudFront), Azure, Docker, Kubernetes, GitHub Actions, Harness
- **Testing & Design:** Jest, Cypress, Vitest, Figma (Expert), Adobe XD, Storybook, Usability Testing
- **AI & Security:** Codex, Cursor, Claude Code, LLM API Integration, Token Optimization, OAuth, JWT, HIPAA Compliance

CERTIFICATIONS & ACHIEVEMENTS

- AWS Certified Developer - Associate (In progress, expected Q3 2026).
- Served 10,000+ monthly active healthcare users with zero HIPAA breach incidents.
- Top performer recognition at GritFeat Solutions for three consecutive years (2022-2024).
- Languages: English (Fluent), Nepali (Native), Newari (Native), Hindi (Conversational).
